TNCC™
TRAUMA NURSING CORE COURSE
An **ENAC** Course

December
9 & 12, 2016

Trauma Nursing Core Course

UNION
HOSPITAL

Course Description

Verification/Certification:

The National Emergency Nurses Association will issue a card verifying successful completion of the TNCC provider course. TNCC verification is good for 4 years.

Successful completion includes a score of 80% or higher on the written exam and passing skill stations.

The Emergency Nurses Association is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

Americans with Disabilities Act:

In accordance with the Americans with Disabilities Act please advise Kelly if you have any disability that requires special materials and/or services so that appropriate personnel can be advised.

Photographs:

Registering for this class gives the ENA permission to take photographs. These photos will be used for ENA educational purposes only

The Trauma Nursing Core Course (TNCC) is designed to provide core level trauma knowledge and psychomotor skills associated with the delivery of professional nursing care to the trauma patient. The content will be provided through pre course online modules, in person class, the provider manual, and psychomotor skill stations. The intention is to provide a robust learning experience focused on retention and hands on skill training.

Intended Audience:

The course is intended for registered nurses (RN) with at least 6 months of clinical nursing experience in an Emergency or Critical Care Setting.
